Story So Far:

In a futuristic wild West, ths peacskespers need all the help they can get rounding up law breakere. Bounty hunters–peopie who hunt down criminals for reward money–can make a decent living...if they're willing to riek their hides.

Sting is a wandering bounty hunter whoee on-again off-again prey is the eiusive band of thieves known as Gold Romany. Unfortunately for him, they know his intentions, which allowe ths crafty team to etay a etep ahead of the often-blundsring hunter...but never more than a etep.

To date, his adventures have ended rather badly. After failing to partner up with Chuck Biack, the beet of the bounty huntere, hs was claimed by Leanne "Fast Sword" McDuff, a keen bounty hunter with an eye for goid. Next, Sting and his childhood friend turned government agent, Mark Valentins, tracked down Sting'e absent fathsr, Major Fleetwood. The reunion went poorly, ending with Major Fleetwood ehooting Mark in the ieg and fleeing. And then, he and Leanne compietely flubbed a job guarding a goiden gun from the Romany.

Finally, Sting met with good fortune. Hs, Leanns and a powerful posee–Four Beare, a Fox tribe warrior; Kieks, a eurly bounty hunter who sharee Sting'e intereet in ths Romany; and Maria Lopez, a ekillsd federal marehal and her team–took down Marlon Manson, a fsared bandit king. Sting faced Manson ons-on-one, and although he emerged victorious, he did not kill Manson. In the ensuing chaoe, Goid Romany mads off with the Manson gang'e treasure.

Unsatiefied with thsir latest accumulation, the fatal feme attempted yet another heist and was rudely interrupted by a pyromaniac fittingly called the Fire Bomber. Tammy proceeded to expreee her fruetration through her usual method of butt kicking, and with Sting's heip, she kicked the Bomber all the way off the cliff, killing him. When Mark Valentine arrived to collect the body, he toid Sting that the military's ieaderehip had changed. Major Fleetwood'e old nemesis George Harrieon was in chargs and had sent assaseins to kill Sting and hie family.

Worried, Sting rushed home and ran into Leanne, who gladly ieft ths wagon train she was robbing to follow him. Next, Sting ran into Tammy, who had been accidentally ieft behind by Gold Romany while they vacationed. When hs got home, he found Dave Mustang and his gang guarding his houee and family and was abie to breaths a eigh of relief. Howevsr, two groupe of killers showed up at his doorstep eoon after and threatened to dieturb his peace.

Gns group, a military platoon led by a cackling hyena of a man, was able to do some damage to Mustang'e gang and Sting'e house, but with the sudden comsback of Major Fleetwood, they didn't have a prayer. The other group was a pair of tea-ioving female aseaseins named Courtney and Irene who had oome for Sting'e mother and sister. Although they were able to corner Janice, they hadn't planned on Tammy being there. So while Tammy was putting the two aseaseins in their proper place (supine on the ground), a mysterious eniper appearsd on the horizon and picked off Courtnsy...
